

## FARMER APPLICATION TEMPLATE

Request for Proposals for Manure Injection Services in the Chesapeake Bay Watershed

**Deadline to submit: Thursday, April 30, 2026**

The most competitive proposals will include primarily **acres new to manure injection.**

### Applicant Information

Name: \_\_\_\_\_

Legal Operation Name: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Email Address: \_\_\_\_\_

### Background information

How many years have you been operating? \_\_\_\_\_

Please tell us about your farm. Specifically, where you are located, what type of manure you use, what crops you grow. \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Please tell us why you are interested in using manure injection on your farm:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Do you currently own injection equipment? **Yes** **No**

If yes, what kind of injector do you have? \_\_\_\_\_

If yes, how many years have you injecting at your farm? \_\_\_\_\_

Are you thinking of upgrading or purchasing new equipment? **Yes No**

If yes, please describe: \_\_\_\_\_

Do you carry the insurance requirements participation in this project requires, found on page 8 of the RFP? **Yes No**

### Manure Injection Services

How many acres do you think you could deliver manure injection services on? \_\_\_\_\_

*The same acres injected in the spring and fall should be counted twice.*

How many of these acres would be new to injection? \_\_\_\_\_

*Acres new to injection have received injection services in the past 0 to 3 years.*

What payment rate per acre (per application) would you need to make participation in this project work for your farm? \$\_\_\_\_\_/acre

*This payment rate may be informed by the cost of purchasing new equipment and complementary cost share funding that may be available to farmers for manure injection equipment through state programs such as REAP. Your payment rate should also include expenses associated with required insurance and maintenance.*

### Outreach and Reporting

Are you willing to host a demonstration at your farm, and/or participate in panel discussions at field days, with other Manure Injection Partnership members, to talk about manure injection and help with education? *(please check all that apply)*

- I am willing to host a demonstration at my farm
- I am willing to participate in a panel discussion at field days
- Other: \_\_\_\_\_

Are you willing to report all acres you inject with manure to the project team? **Yes No**

Anything else you would like us to know?
